Constitutional and legal framework within which the Covenant is implemented, right to an effective remedy (art. 2)

1. Please provide examples of the application of the Covenant by domestic courts and information on the availability of remedies for individuals claiming a violation of the rights contained in the Covenant. Please indicate what procedures are in place for the implementation of the Committee’s Views under the Optional Protocol, and provide information on measures taken to ensure full compliance with the Committee’s Views adopted in 14 communications, including Nos. 1862/2009, 1432/2005 and 1406/2005.

2. Please respond to concerns raised by several United Nations human rights mechanisms about the eighteenth constitutional amendment, made in 2010, which eliminated the Constitutional Council and empowered the President to make direct appointments of the chairpersons and members of a number of key oversight bodies. Furthermore, please provide information on measures taken to strengthen the independence and the role of the Human Rights Commission of Sri Lanka in compliance with the Paris Principles (CCPR/C/LKA/5, paras. 242 to 248), and to ensure that its decisions and recommendations are fully implemented by State authorities.

3. With reference to paragraphs 42 to 53 of the State party’s periodic report (CCPR/C/LKA/5), regarding the rehabilitation and reintegration of former combatants, including child soldiers, please outline further efforts that have been made in order to respond to their difficulties including their diminished mobility due to ad hoc surveillance and monitoring by the security forces. What steps have been taken by the State party to respond to the concerns that released former combatants face discrimination and difficulties in finding jobs and in accessing other economic opportunities, and that female ex-combatants even face a higher risk of rape and violence? Please provide information about the implementation of the National Policy on Reintegration of Ex-Combatants into Civilian Life and other relevant policy documents.

* Adopted by the Committee at its 110th session (10–28 March 2014).
Non-discrimination (arts. 2, 3 and 26)

4. Please provide detailed information on measures taken:

   (a) To eradicate the persistent and deep-rooted stereotypes regarding the roles, responsibilities and identity of women and men in all spheres of life and to ensure effective application of relevant legislative and administrative measures, including the Women’s Charter (CCPR/C/LKA/5, paras. 368 and 369). Please indicate steps taken to enhance the participation and representation of women in political and public life and to ensure women’s participation in the post-conflict, reconstruction and peace-building process.

   (b) To eradicate those customs and practices which are harmful and prejudicial to women, including polygamy and underage marriage.

5. Please indicate the measures taken to protect persons from stigmatization and discrimination on the basis of their sexual orientation and gender identity, and indicate whether they are protected by the constitutional provisions on non-discrimination (CCPR/C/LKA/5, para. 339).

Violence against women, including domestic violence (arts. 2, 3, 6, 7 and 26)

6. Please respond to concerns that despite the adoption of the Prevention of Domestic Violence Act, violence against women, including sexual and domestic violence, and impunity for such violence, remains a widespread problem that is exacerbated by significant delays in the processing of cases and barriers to bringing perpetrators of marital rape to justice. Is the State party considering criminalizing marital rape regardless of judicial acknowledgement of separation?

7. Please provide information about cases of rape and other acts of sexual violence that occurred during and after the conflict, in particular in military-controlled camps.

Counter-terrorism measures (arts. 2, 7, 9, 10 and 14)

8. According to the State party’s periodic report (paras. 64–67), following the lifting of the emergency regulations in August 2011, some of the provisions remained within the framework of the Prevention of Terrorism Act. Please clarify whether all provisions in the Prevention of Terrorism Act are compatible with the Covenant, including the legal safeguards, for persons suspected of or charged with a terrorist or related crime. Also, please elaborate on the measures taken to ensure a comprehensive review of all security-related legislation and on the outcomes of reviews of cases of suspects detained under the Prevention of Terrorism Act (CCPR/C/LKA/5, paras. 265–267). Please include statistics on the prosecution and the release of detainees and the issuance of the writ of habeas corpus. Please respond to reports that the remedy of habeas corpus in the State party is ineffective, mainly due to long delays in the disposal of complaints, a lack of cooperation from security agencies, and unwillingness by the judiciary to exercise its duty to protect the liberty of the individual.

Right to life (art. 6)

9. Please respond to consistent and well-documented reports that unlawful use of force and violations of the right to life by State agents or by paramilitary groups directly under the control of the armed forces, including extrajudicial killings, suspicious deaths in
custody and enforced disappearances, remain widespread and unpunished. Please indicate the measures taken to prevent such cases, to promptly and impartially investigate them, to prosecute and punish the perpetrators, and to provide adequate remedies to victims or their relatives. Please provide data on the number of deaths in detention, and their causes, and on the number of police and prison officials who have been disciplined or prosecuted for such cases, including the cases of deaths during the riots at Vavuniya prison and Weikada prison in 2012. Please clarify the State party’s position regarding a number of significant recommendations which were not incorporated in the 2012 National Plan of Action to implement the recommendations of the Lessons Learnt and Reconciliation Commission (CCPR/C/LKA/5, para. 76) or in the 2011–2016 National Plan of Action for the Protection and Promotion of Human Rights.

**Prohibition of torture and cruel, inhuman or degrading treatment, liberty and security of person, fair trial and independence of judiciary (arts. 7, 9, 10 and 14)**

14. Please respond to allegations that torture and ill-treatment of detainees remain common and widespread, especially at the moment of apprehension and during pre-trial detention, in order to extract confessions, mainly due to legal and procedural shortcomings and the lack of political will on the part of the authorities. Please specify the measures taken to (a) expand the definition of torture in the domestic law to cover all acts of torture, including those causing severe suffering; (b) ensure prompt and impartial investigations into all complaints of torture or ill-treatment, by an independent body not under the authority of the police; (c) ensure that evidence obtained under torture is inadmissible and is excluded in court; (d) expedite criminal procedures relating to torture cases by

What steps have been taken (a) to guarantee, in practice, the rights of persons deprived of their liberty to notify their families about their detention, and to have access to a lawyer and a doctor starting from the moment of their arrest; and (b) to establish a central register of all persons in official custody and publish a list of all detainees and places of detention?

Please describe the measures taken (a) to eradicate corporal punishment in all settings in the State party, including in family settings, and to raise awareness about the harmful effects of corporal punishment, and the use of non-violent forms of discipline; and (b) to combat child abuse, including sexual abuse and exploitation in family, school and work settings.

20. Please explain what measures the State party is taking to ensure that children with disabilities, including autism and sensory impairment, are not denied a proper education.

**Elimination of slavery and servitude (art. 8)**

21. Please indicate the measures taken to prevent and combat trafficking in persons for the purposes of sexual exploitation and forced labour, to prosecute and punish perpetrators, and to provide victims with effective remedies, including compensation and rehabilitation. Please provide updated information on steps taken to train the judiciary to adequately address cases of trafficking, and to provide training for officials and professionals involved in combatting trafficking.

**Freedom of movement and right to privacy (arts. 12 and 17)**
